Re: Notice of File Closure for Small Mining Project, White Mountain Gypsum Company, White Mountain Gypsum, S/027/001, Millard County, Utah

Dear Mr. McGeath:

On October 10, 1998, we received your request to inspect this site and close the file. This request was received when the Division implemented the collection of annual fees for all active permits. Due to the number of requests, we were unable to perform the inspection until this time. On August 2, 2000, I inspected the site and found the reclamation is satisfactory. Therefore, at your request, we will now close the White Mountain Gypsum permit #S/027/001 and retire the file.

White Mountain Gypsum Company is hereby released by the Division from further mining or reclamation responsibilities at this site. If you wish to conduct any future mining related activity in this area, you will need to submit a new notice, pay the Division permit fee, and receive written approval, prior to creating any disturbance.

If you have any questions or concerns regarding this action, please contact me at (801) 538-5321. Thank you for your time and consideration in completing the required reclamation on this project.

Sincerely,

A handwritten signature in black ink, appearing to read 'Tom Munson'.

Tom Munson
Senior Reclamation Specialist
